THE MASTER CLASS

# ACTION STEPS

## TECHNIQUE DOMINATION

- Always dive deeper than your first idea; discover your magic in the process
- Take every possible opportunity to get specific in every possible way, like an **Audition Rockstar** would
- Find a “workout buddy” and work on your audition technique consistently
- Use The Audition Edge Audios before and after your auditions and self-tapes
- Follow your 4-Season Plan each and every season. Period
- Re-listen to your belief systems classes *often* so you can “hit the refresh button” on your belief-shifting actions
- Use your tools! Not sure which one to use? Go to Plan BE
- Remember that despite what anyone else says, you have the power to choose what your life and your acting career will look like. Choose wisely.
